bee's water®

Honey Health in a Bottle™

Honey water is a popular drink in many countries and is believed to have a number of health benefits.

In fact, honey water has been used in Ayurvedic medicine for centuries.

bee's water is a line of all natural honey water that provides hydration with the health benefits of pure natural honey. **bee's water** has no refined sugar, high fructose corn syrup, or artificial sweeteners.

bee's water has a refreshingly delicious taste that quenches thirst and boosts health.

a portion of the profits from **bee's water** go towards building an enduring system that provides clean drinking water to children in poor communities around the world.

Made in the USA

Quench your thirst, boost your health™

all natural pure honey

For centuries, honey has been recognized as an all natural sweetener with many health benefits.

Honey contains amino acids, minerals, vitamins, proteins, enzymes, and antioxidants.

It is the combination of these compounds that provides the unique health benefits of honey.

no added sugar

Only naturally derived sugar and calories from honey – no added refined sugar, no artificial sweeteners.

natural energy

Honey is full of natural energy. Drinking **bee's water** before or during exercise can help release honey energy into muscles at a steady rate, delaying fatigue.

antioxidant vitamins

Contains antioxidant vitamins A, C, and E, to help fight free radicals.

enjoy hot or cold

Refreshing and hydrating when cold; soothing and calming when hot.
