

# Cheddar & American Cheese

There's nothing quite like that delicious bite into a cheeseburger or the aroma of a freshly made grilled cheese sandwich. A perfect combination of flavor and texture, a slice of cheese can instantly make any dish memorable. Or if the moment calls for an expertly aged cheddar to pair with your favorite beer or wine, the right piece of cheese can serve as the perfect compliment.

## Flavor & Texture

Whether your preference is to top a sandwich or cut and serve, we can present the perfect option in flavor and texture. For a creamy and mild preference, try our Mild Cheddar.
