## U.S. MEAT & POULTRY PRODUCTS

- Nature's SunGrown Foods** is able to offer a full service value added meat and poultry program shipped directly from processors throughout the United States to our Customers along the Pacific Rim.
- ✓ **Country Natural Beef** – USDA Choice Beef from cattle raised the natural way. The cattle are grown humanely on family farms throughout the Western United States and never receive hormones or antibiotics.
  - ✓ **Berkwood Farms Berkshire Pork** – These **Berkshire Pigs** are all black and they provide the best tasting pork. Berkwood also offers delicious franks and bacon from these same pigs. **New in Oct, Duroc Pigs** is typically dark red in color, maintains moisture well and has good fat marbling throughout.
  - ✓ **Strauss Grass Fed Beef** – Angus, Herefords raised on family farms only on **grass with marbling** and no gamey taste.
  - ✓ **Before the Butcher** – Plant-based patties that give you the beef hamburger, turkey, chicken, and sausage taste profile. They taste like the actual animal based product.
  - ✓ **Let Nature's SunGrown Foods put together an American Meat program for you!**
